Hampton Roads Regional Jail

**FOR IMMEDIATE RELEASE**

## **Cancellation of onsite visitation**

The Hampton Roads Regional Jail is closely monitoring updates regarding COVID-19 also known as the coronavirus. The health and safety of those in our care and our staff members remains our top priority.

Effective immediately, all onsite visitation for family and friends has been cancelled. In order to provide communications between individuals housed here and their loved ones, we have partnered with our phone provider to give one free video visit per incarcerated individual per week for the next four weeks. Once the process has been finalized, we will post it on our website and notify those in our care. The staff understands the importance of maintaining contact with family and friends.

Professional onsite visits, such as attorney visits, will still be authorized.

Colonel C. Walz  
Interim Superintendent
